

FM/HG

16 September 2021

Dear Parent/Guardian

Year 10 GCSE Food Preparation and Nutrition Contribution 2021-22

Throughout the year, students will take part in a wide variety of experiences in practical food where they will learn a variety of new skills and methods. Following on from skills gained in Year 9, students will learn about food science by testing and trialling products and making a range of exciting dishes.

In previous years, students have been required to provide all the ingredients for the course which has proven to be expensive for parents, therefore we have found it more cost effective to ask for a £20.00 contribution, which should cover the cost of all the curricular activities undertaken throughout the year.

Payment should be made online via <https://www.scopay.com/bedlingtonacademy>. Please contact the school office if you have not yet registered for SCOPAY. Cash or cheque payments can be made in school if necessary. Cheques should be made payable to 'North East Learning Trust'. Please hand any cash or cheque payments into the main office at the school.

Should there be any difficulties paying this amount, or if you would like to discuss this with me further, please do not hesitate to contact me on the above number.

Thank you in anticipation of your support.

Yours faithfully

Mrs F Mather
