

Accessibility Policy and Plan

Review Date	Reviewer	Adopted	Implementation
September 2018	J Barker		
March 2020	S Pritchard		

You are disabled under the Equality Act 2010 if you have a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on your ability to do normal daily activities.

Bedlington Academy is part of the North East Learning Trust and both are aware of the general duty under the Equality Act 2010 to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act.
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it.
- Foster good relations between persons who share a protected characteristic and persons who do not share it.

The Accessibility Plan has been drawn up in consultation with stakeholders and covers the period from September 2018 – August 2021.

We are committed to providing a fully accessible environment which values and includes all students, staff, parents/carers and visitors regardless of their age, education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The Accessibility Plan will contain relevant actions to:

- Improve awareness of Equality and Inclusion.
- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for students with a disability, expanding the curriculum as necessary to ensure that students with a disability are as, equally, prepared for life as are the able-bodied students; (If the school fails to do this they are in breach of the Equality Act 2010). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these students in accessing the curriculum.
- Improve the delivery of written information to students, staff, parents/carers and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and any events. The information should be made available in various preferred formats within a reasonable time frame.

- Work with appropriate organisations to ensure accessibility is appropriate for all students, staff and visitors.

Action Plans relating to these key aspects of accessibility are included in this policy and these plans will be reviewed and adjusted on an annual basis. New plans will be drawn up every three years.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum
- Equality Duty and Objectives
- Staff Development
- Health & Safety (including off-site safety)
- Inclusion
- Special Needs
- Behaviour Management
- School Development Plan
- Asset Management Plan
- The school Brochure and Vision Statement
- Teaching and Learning
- Complaints procedure (school website)

The Action Plan for physical accessibility relates to the Access Audit of the school, which is undertaken regularly by the Trust. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan.

Accessibility Plan September 2018 – August 2021

As detailed in the accessibility plan introduction, the fundamental principles of Equality within the school have been applied during the implementation of this policy.

Improving the delivery of written information to students with a disability

This will include planning to make written information that is normally provided by the school to students is available to disabled students. Examples might include handouts, textbooks and information about school events. The information should take account of students' disabilities and students and parents/carers preferred formats and be made available within a reasonable timeframe.

In planning to make written information available to disabled students we need to establish the current level of need and respond to changes in the range of need. We will identify agencies and source of such support and materials to make the provision available when it is required. The school ICT infrastructure will enable us to access a range of material supportive to need.

WRITTEN INFORMATION			
Targets	Strategies	Timescale	Desired Outcome
